GET WIRED 2015

A Conference on Artificial Electromagnetic Fields and their Impact on Human Well-Being

Join us for a day of presentations and expert panel discussion with scientists, medical doctors, academics + researchers on the implications of wireless technologies + electro-pollution and steps you can take to protect your family.

Speakers + panelists:

Dr Martin Blank, PhD
Columbia University

Dr Erica Mallery-Blythe, MD *PHIRE*

Dr Elizabeth Evans, MD
SSITA, Stop Smart Meters! UK

Paula Healy, MSc
Neuroscience Researcher

Roy Riggs
EMF Remediation

Guy Hudson, MInstP
Beneficial Environments Ltd

Prof Victor Newman, PhD, *Cranfield Mgt School*

Mike Mitcham
Stop Smart Meters! UK

Sunday 1st Nov 2015
9:30am to 3:30pm GMT

Main Theatre
Rawson Hall
The Street
Bolney,
W Sussex, RH17 5PF

The event is open to all. The venue has been deliberately selected for its low-EMF pollution levels to make it accessible for EHS individuals.
